Phiaton's New BT 460, Touch Controlled Headphones and MS 300 BA Hybrid Dual Driver Earphones - Now Available!

We're excited to announce the availability of two new products to Phiaton's line of premium headphones and earphones, the [BT 460](#) and the [MS 300 BA](#).

The [BT 460](#) headphones, which were recently awarded the prestigious [iF Design Award](#),

feature earcup touch-control so you can change the volume and tracks with the swipe or touch of your finger. They also are equipped with state-of-the-art Smart Play/Pause technology to automatically pause your music when you take your headphones off, and start your music once you put them back on again. Phiaton's ShareMe™ Connection, allows two people, wearing a pair of BT 460 headphones to listen to the same music or watch the same movie at the same time. These feature-rich, premium headphones are perfect for the music-lover looking to upgrade their sound and style for business trips and weekend getaways. The BT 460 headphones are available in [Black](#) or [White](#) on [Amazon](#) for \$199.

The [MS 300 BA](#) earphones are designed for those of us who want to experience music as it was meant to be: pure, sensuous and authentic. The high-performance earphones combine Phiaton's Hybrid Dual Drivers that provide the warm depth of the dynamic driver combined with the detailed treble of the balanced armature driver for rich, unparalleled sound. The MS 300 BA earphones are available in [White](#) or [Black](#) on [Amazon](#) for \$99.

For a full list of features on each product, visit [Phiaton.com](https://www.phiaton.com). Both are available beginning today on [Amazon.com](https://www.amazon.com) and other [partner retailers](#).
